

Design Brief

Objective

Area to display resume and portfolio work for potential employers

Demonstrate what I've learned about web design this semester

Organize a collected place to display myself, who I am, and what I've accomplished

Audience

Potential employers, people I may send the site to, LinkedIn peers (will likely be posting a finished version)

Anyone else who may happen to search up my name and find the site

Site Pages

(this format is subject to change)

Home (includes nav, site banner, and potential site icon)

About Me

- Resume

- Contact

Portfolio

- Music

- Games

- Other Projects

Portfolio Work

(this format is subject to change)

Music

- GADIG Work and projects

- School music compositions

Games

School Projects

Other Projects

Films

Other Works

Adjectives

Clean

Consistent

Personal

Professional

Soft

Minimalistic

Deliverables

Portfolio website

Working links, published, clear and concise

Constraints

Budget is low (likely \$0)

Limited coding knowledge

Time constraints and deadline (end of the semester)
